

Midland Steel Reinforcement Supplies Ltd and Midland Steel Reinforcement Supplies GB Ltd, hereafter known as Midland Steel Supplies are not a significant user of water and recognises the necessity to minimise consumption of water resources on site, particularly from municipal sources.

The proportion of mains water consumed will be reported and reviewed on a yearly basis.

The Company aims to act responsibly and comply with all relevant legislation in conserving water and managing water supplies at our Production Facilities.

Midland Steel Reinforcement Supplies will review this Water Policy on a regular basis to incorporate all new regulations, initiatives and best available technologies, to reduce reliance on mains water where possible.
